DIVISION OF ADMINISTRATION OFFICE OF CONTRACTUAL REVIEW

ANNUAL REPORT FY 2009-2010

The Office of Contractual Review (OCR) is charged by law with adopting rules and regulations for the procurement, management, control and disposition of all professional, personal, consulting, and social services required by state agencies, boards and commissions of the executive branch of Louisiana government. The OCR decides all matters of policy relative to professional, personal, consulting, and social services. The contracts received at OCR are reviewed for appropriateness of contract terms and language, signature authorities, evidence of funding and compliance with applicable laws, regulations, executive orders and policies. OCR also reviews agencies' procurement processes against competitive solicitation requirements of law. The review process also ensures that a central record of all such agreements is maintained and that comparative statistics in the number and kinds of services can be developed for planning purposes. The Louisiana Revised Statutes Title 39: 1481-1526 directly address the laws governing professional, personal, consulting, and social services contracts. The official rules and regulations of the Office of Contractual Review appear in Title 34, Part V of the Louisiana Administrative Code.

Additionally, by executive order of the governor, all cooperative endeavor agreements executed by state agencies where there is an expenditure of public funds are required to be reviewed and approved by the Office of Contractual Review.

During the period 07/01/09 through 06/30/10, **5,781** contracts and amendments worth approximately **\$2.4 billion** dollars were approved by the Office of Contractual Review.
